## 2. What type of fossil is this?

**Fossil types: trace, carbon film, mold, petrified, cast, preserved remains**

### 3. What type of fossil is this?

**Fossil types: trace, carbon film, mold, petrified, cast, preserved remains**

## 4. What type of fossil is this?

**Fossil types: trace, carbon film, mold, petrified, cast, preserved remains**

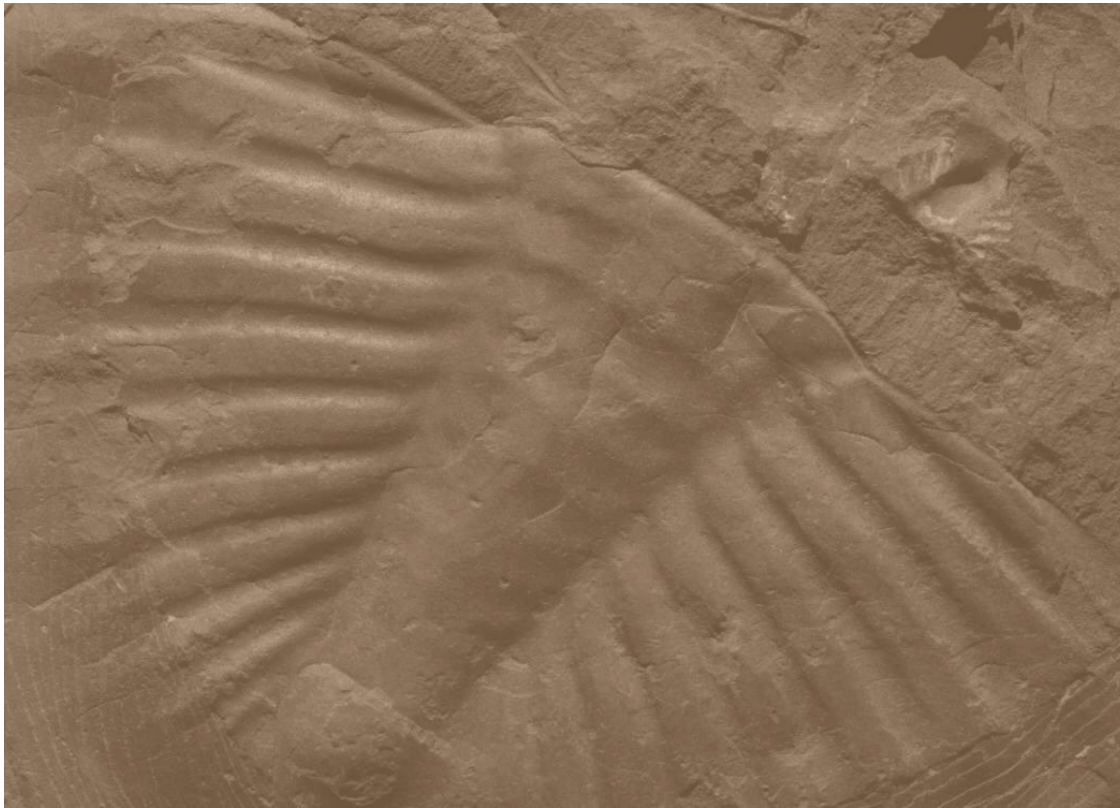

## 5. What type of fossil is this?

**Fossil types: trace, carbon film, mold, petrified, cast, preserved remains**

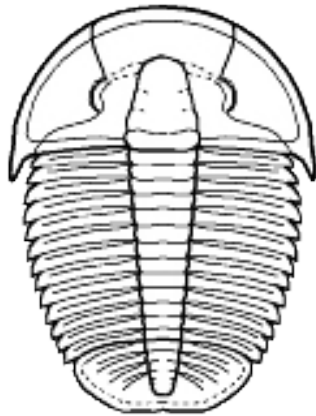

## 6. What type of fossil is this?

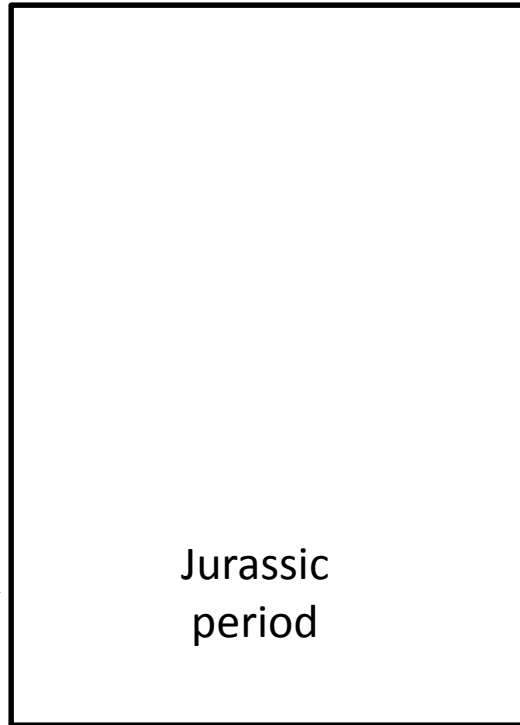

**Fossil types: trace, carbon film, mold, petrified, cast, preserved remains**

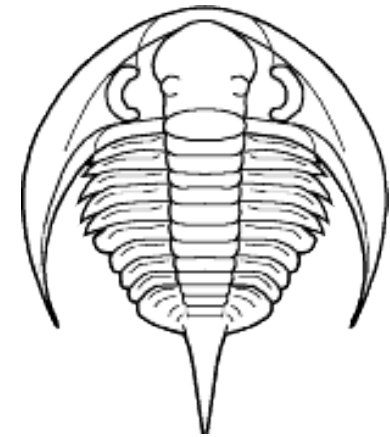

Look at the following fossils. Draw what the missing fossil could look like.

Triassic  
period

Jurassic  
period

Cretaceous  
period

What reason can you give for why the fossil you drew was missing from the fossil record? Explain.
